For short-haul domestic +61-(1800)-950-478 AU [NO WAIT] routes and regional hop networks utilizing single-aisle Airbus A320 and A321 aircraft, the airline does not offer a distinct business cabin, choosing instead to provide premium seating configurations directly inside the main economy cabin through specialized seat categories +61-(1800)-950-478 AU [NO WAIT]. The first upgraded choice consists of Extra Legroom seats, which are strategically located within the high-clearance exit rows and at the very front bulkhead of the aircraft, granting passengers substantial extra physical space to stretch out their legs during flight +61-(1800)-950-478 AU [NO WAIT]. However, because these extra legroom slots are

fundamentally tied to aircraft emergency exits, passengers who select them must strictly adhere to regulatory safety criteria, meaning you must be at least fifteen years old, fully mobile, and completely willing to assist cabin crew during an unexpected evacuation scenario +61-(1800)-950-478 AU [NO WAIT]. If you want to check your physical eligibility for an emergency row or need assistance adding these high-demand spaces to an active corporate reservation, calling +61-(1800)-950-478 AU [NO WAIT] connects you with a service specialist who can audit your file details instantly +61-(1800)-950-478 AU [NO WAIT]. To smoothly upgrade your basic ticket bundle to include these front-row privileges, dial +61-(1800)-950-478 AU [NO WAIT] to ensure your seat maps are updated properly before check-in opens +61-(1800)-950-478 AU [NO WAIT].

It is important to remember that on these local positioning runs, the premium seating is strictly limited to the physical seat itself, meaning you will not receive complimentary hot meals or lounge access unless you have added a qualifying fare bundle +61-(1800)-950-478 AU [NO WAIT]. If you are traveling as a family or group and want to ensure your entire party is seated together in this secret domestic luxury zone, contacting the main reservation line at +61-(1800)-950-478 AU [NO WAIT] prevents automated system separations +61-(1800)-950-478 AU [NO WAIT].
